ROLLERS

ROLLERS

A versatile and practical solution, Roller blinds are great for rooms that get a lot of wear and tear like living rooms, kitchens and children's bedrooms. With a wide range of performance features from blackout to fire retardant or moisture resistant, we've got the right solution for your windows.

PORTO ANTIQUE

POLARIS CORAL

Motorised blinds are the latest innovation in the world of window dressings. Powered by Somfy's market leading technology all our Roller blinds can be motorised making them inherently child safe and super convenient - controlled with just the touch of a button.

BLOC®

An effective solution for your roof windows, Bloc® frames can be fixed into almost all major skylight windows including Velux and Fakro, helping reduce heat loss, light seepage and increase privacy.

MOTORISED BLINDS

VERTICALS

VERTICALS

Vertical blinds are the perfect solution for lots of different window types, whether it's large glass expanses, bi-fold doors or sloped windows, this versatile hard-wearing blind is a great choice.

Our wide range of fabrics means there's also something to suit everyone, including choosing a specialist coating like ASC – a solar reflective coating that helps keep rooms cool in summer.

Secret Garden

UNEARTH THE SECRETS OF THIS BEAUTIFUL CAPSULE COLLECTION

Inspired by nature, this collection of Roller and Vertical as well as our Roman blinds and Curtains includes soft florals, bold graphical prints and unpredictable patterns, but there's a surprising secret... the colours add an instant WOW factor.

Celebrating maximalism and including key colour trends and themes you'll see everywhere from home décor to fashion, this fun and playful collection is a talking point in any room. Our softs range pairs beautifully with our capsule collection, creating a cohesive and stylish look.

CURTAINS & ROMANS

Curtains are a great way to layer other window dressings such as Verticals, Rollers and Venetians to lock in the warmth and create extra privacy.

JENNIFER RUST

NEW

Roman blinds are lined as standard, for a high-quality finish, with specialist linings available to help retain warmth and block out light.

All our Roman blinds are also available in curtains and cushions for a co-ordinated finish. Romans are now available motorised —a new feature in our collection.

ROSALEE MERLOT

SHEERS

Sheer blinds help to filter the light whilst also maintaining privacy. Choose from our Day and Night, Triple Shade or Diffused blinds to help dress your windows.

DAYSpring BEIGE DAY AND NIGHT

NEW

SPLENDOUR FR LIGHT GREY DIFFUSED

Diffused sheer blinds are perfect for bi-fold doors, each panel is free hanging so that you can walk through the blind at point without the restriction of chains or cords.

BEACON IVORY TRIPLE SHADE

NO-DRILL SOLUTIONS

Discover our range of no-drill solutions, available on Roller blinds, Metal Venetians, Pleated blinds and our Shutter Lite range. Inherently child-safe, no-drill solutions are a fuss-free solution for any window.

16 ATHENA CORAL PERFECTFIT™ BLIND

PERFECTFIT™ SHUTTER LITE

LIBERTY OCEAN GRIP FIT™

Grip Fit™ is a unique no-drill Roller that fits into the recess of a window by simply clipping in against the walls.

VENETIAN BLINDS

Choose from our collection of Bamboo Venetian blinds for a more sustainable choice.

NEW

BAMBOO BEIGE WOOD VENETIAN

Choose from Wood, Faux Wood or Metal Venetians to dress your windows. Each finish is incredibly hard-wearing and helps offer privacy whilst filtering the light with the tilt and turn slats.

We recommend Faux Wood or Metal Venetians for rooms with high-levels of moisture like kitchens or bathrooms.

Metal Venetians are also available in a PerfectFit™ frame that fits into uPVC windows – a streamlined finish at your window with no drilling required.

SHERWOOD MAPLE GLOW VENETIAN

PLEATED BLINDS

Pleated blinds are a versatile solution, perfect for trickier shapes like sloping or shaped windows, it's why they're often found in conservatories and sunrooms. Benefits of opting for Pleated blinds include temperature control, with our popular Duo Pleat™ solution, and its innovative honeycomb technology to help keep rooms warm in winter and cool in summer.

RELIFE WHITE

INTU MICRO INFUSION CONCRETE

INTU micro pleated blinds are a great solution for bi-fold doors – allowing full functionality whilst offering privacy and light control.

FINISHING TOUCHES

Making sure your window dressings sit perfectly at the window is all thanks to finding the right header systems.

From Roller blinds where you can co-ordinate the bottom and top componentry, to curtains with a choice of single, double, track or pole to fit it any space. There's a header solution for every product, every home and every window.

You can customise everything from the hems, pull and braids of your Roller blind, and the chains, weights, wands on a Vertical blind.

Ask in store today for more details on the header and accessory options for all our products.

PINTO NAVY, OLIVE, RUST AND MUSTARD CUSHIONS

RECYCLED FABRICS

Whether you're looking for a plain, print, or jacquard option, you'll find that over 60% of our Roller and Vertical fabrics are made from at least 60% recycled polyester yarn. Additionally, 30% of our new Roman and curtain fabrics are crafted from recycled polyester yarns, so you can get the look you want with a more sustainable fabric choice.

Why choose recycled fabrics?

Production processes use less water, chemicals and energy than virgin polyester. Recycled polyester production therefore generates less CO₂ emissions than virgin polyester.

Less water

Fewer emissions

Less energy

Look out for the 'recycled' logo across our fabrics, all of these fabrics are composed of recycled polyester yarn.
